

**COMMUNITY HEALTH NEEDS ASSESSMENT  
IMPLEMENTATION PLAN  
GOALS/ STRATEGIES 2015 - 2018**

**1. Increase the number of Individuals with Access to Primary Care Services.**

- 1.1. Increase the number of navigators to enroll individuals in health care coverage.
- 1.2. Collaborate with 211Palm Beach/ Treasure Coast to promote awareness and educate the community on services provided by the organization.
- 1.3. Collaborate with Genesis Community Health to increase patients, without a primary care physician, receiving preventative care.

**2. Increase Education on Prevention and Wellness.**

- 2.1. Utilize the Bethesda Center for Graduate Medical Education, FAU Residents and Medical Students, to provide preventative care and education to patients.
- 2.2. Provide Education and Screenings through Community Events (i.e., Community and School Health Fairs)
- 2.3. Host Physician Lecture Series on Prevention and Wellness.
- 2.4. Collaborate with the Boynton Beach Mental Health Committee.

**3. Increase Education on Prenatal Care in an effort to Reduce Pre-Term Births.**

- 3.1. Continue Community Collaboration to reduce elective deliveries < 39 weeks.
- 3.2. Collaborate with Community Organizations to Promote Awareness of Services provided to Pregnant Women (i.e., The Florida Department of Health Palm Beach County, Genesis Community Health).
