

Coral Reef Cereal Craft

An at home, fun coral reef themed, craft activity for Ages 3-6 (can be modified for younger or older children). Provided by Gumbo Limbo education staff.

Parental Assistance needed

1. Gather your materials: You will need different colored construction paper, paint, circular cereal (example: cheerios), glue, and googly eyes.
2. Take your child's hand (Palm and every finger except the thumb) and dip it in the paint color of your choice. Stamp hand in the middle of the construction paper, fingers down. These will be your jelly fish of the reef! Glue on googly eyes.
3. At the bottom of your construction paper, paint coral and kelp (or cut fun designs out of construction paper) to decorate your reef!
4. Glue cheerios to add texture and decorate your coral. (Cheerios can be painted to match the coral and kelp. Just make sure not to eat it!)
5. Your child now has a cool coral reef scene craft!
