Diving Dolphin Craft

Craft Supplies

- 2 Paper Plates
- Dark and Light Blue color (crayon, paint, marker, pencil)
- Blue paper (or white paper colored blue)
- White Paper
- Glue
- Paper Fastener

Procedure:

Step 1: Color or paint paper plates, one light blue, and one dark blue.

Step 2: Draw, cut out and color dolphin shape, and clouds.

Step 3: Cut a wave design across the dark blue plate, making sure the center of the plate is in the waves.

Step 4: Place the dark plate on top of the light blue plate.

Step 5: Use a pencil to push a hole through the mid-points of both plates and push a paper fastener to connect them!

Step 6: Glue dolphin and clouds to the light blue plate.

Step7: Hold the sea and turn the sky to see your dolphin dive!
