

What is a StoryWalk?

A StoryWalk is a trail you follow through a park, while you read a storybook posted on signs, one page at a time. Enjoy nature, hiking, and reading all together!

As they progress through the story, the kids are excited to find the next page on the trail ahead and find out what happens in the story.

Where can you find a story walk? Right beside the Spanish River Library parking lot in Boca Raton, on the Pondhawk Nature Trail. Park on the west side of the library, go over the green bridge, and follow the green arrows to begin your storywalk adventure!

Look for dragonflies and other wildlife as you read the book 'The Swamp where Gator Hides' by Marianne Berkes (other books will follow).

Be sure to let the library folks know if you enjoy this new way to get out and about with your family!
