

Rainbow Weaving Fish Craft

An at home, fun fish themed, craft activity for Ages 7-12 (can be modified for younger or older children). Provided by Gumbo Limbo education staff.

Parental Supervision may be needed

1. Gather your materials: You will need different construction paper colors, googly eyes, scissors, glue, and white or black cardstock.
2. Prepare your materials: Cut the colored construction paper into even 1/2 inch strips.
3. Cut the cardstock into the shape of a fish and fold it in half. Use scissors and cut slits close together not going too close to the bottom and mouth.
4. Weave the colored pieces of paper through the slits in alternating patterns.
5. Trim the strips to look like fish fins.
6. Add the scraps by gluing them around the body to add more color!
7. Your child now has a colorful fish craft!
