

## Toilet Paper Roll Owl

An at home, fun bird themed, craft activity for Ages 7-12 (can be modified for younger or older children). Provided by Gumbo Limbo education staff.

\*Parental Supervision may be needed\*

1. Gather your materials: You will need construction paper, 1 toilet paper roll, scissors, glue, and a pencil.
2. Prepare your materials: Cut a piece of construction paper the size of the toilet paper roll. Glue the paper to the roll. This will be the new color of the body. Cut feather pieces, a triangular beak, circular eyes, and your owls feet
3. Start from the middle of the top of the roll and press down. This should create 2 pointed ends. These are the ears for your owl. Do the same process to the bottom of the roll.

4. Glue owl's feet to the bottom of the roll.
5. Using the construction paper feathers, start gluing feathers in a line around the middle of the roll. Continue this step around the whole bottom half of the owl.
6. Glue eyes on top half of the owl, along with the triangular beak.
7. Your child now has an awesome owl craft!
