### Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Opportunity, Inc. of Palm Beach County, as of June 30, 2021, and the change in net assets and its cash flows for the year then ended in conformity with generally accepted accounting principles in the United States of America.

**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2021**

**NOTE 1 – ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

This summary of significant accounting policies of Opportunity, Inc. of Palm Beach County (the Organization) is presented to assist in understanding the Organization's financial statements. The financial statements and notes are representations of the Organization's management, which is responsible for their integrity and objectivity. These accounting policies conform to generally accepted accounting principles and have been consistently applied to the preparation of the financial statements.

Organization

Founded in 1939, Opportunity, Inc. of Palm Beach County became a Florida based 501(c) (3) not-for-profit Corporation in 1948. The Organization offers a comprehensive nationally accredited program of school readiness training, fine and performing arts, recreation, health and nutrition, social development and field trips. Each program is specifically designed to prepare children to begin kindergarten on an equal footing with their higher income classmates. The Organization currently serves one-hundred nineteen children (119) and their families in a 24,000 sq. ft. state of the art facility, and there are currently more than three hundred (300) children on the waiting list. The Organization is rated four stars by Charity Navigator, is accredited by the National Accreditation Commission, has received the Platinum Seal of Transparency by Guidestar and is a Network Provider through the Children's Services Council of Palm Beach County. Opportunity employs fully certified preschool teachers who are required to pursue continued education in early childhood development.

Basis of Accounting

The financial statements of the Organization have been prepared on the accrual basis of accounting and accounting principles generally accepted in the United States of America. The financial statements are presented in accordance with Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 958 dated August 2016, and the provisions of the American Institute of Certified Public Accountants (AICPA) "Audit and Accounting Guide for Not-for-Profit Organizations" (the "Guide"). (ASC) 958-205 was January 1, 2018.

Financial Statement Presentation

Under the provisions of the Guide, net assets and revenues, and gains and losses are classified based on the existence or absence of donor-imposed restrictions. Accordingly, the net assets of the Organization and changes therein are classified as follows:

Net assets without donor restrictions: Net assets that are not subject to donor-imposed restrictions and may be expended for any purpose in performing the primary objectives of the Organization. The Organization's board may designate assets without restrictions for specific operational purpose from time to time.

Net assets with donor restrictions: Net assets subject to stipulations imposed by donors, and grantors. Some donor restrictions are temporary in nature; those restrictions will be met by actions of the Non-Profit Organization or by the passage of time. Other donor restrictions are perpetual in nature, whereby the donor has stipulated the funds be maintained in perpetuity.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of public support and revenue, and expenses during the reporting period. Actual results could differ from those estimates.

NOTE 1 – ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Contributions and support

Unconditional contributions and grants are recognized when pledged and recorded as net assets without donor restrictions or net assets with donor restrictions, depending on the existence and/or nature of any donor-imposed restrictions. Conditional promises to give are recognized when the conditions on which they depend are substantially met. Gifts of cash and other assets are reported with donor restricted support if they are received with donor stipulations that limit the use of the donated assets.

When a restriction expires, that is, when a stipulated time restriction ends or a purpose restriction is accomplished, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statement of activities as net assets released from restrictions. Donor-restricted contributions and grants whose restrictions are met in the same reporting period are reported as net assets without donor restriction support. Donations of property and equipment are recorded as support at their estimated fair value at the date of donation. Contributions and grants restricted for the acquisition of land, buildings, and equipment are reported as net assets without donor restriction upon acquisition of the assets and the assets are placed in service.

Tuition Income

Tuition fees are billed weekly and are recognized as revenue in the period in which the related services commence. Tuition fees are charged on a sliding fee scale according to a family's ability to pay.

Grant Income

The Organization receives various grants from state, local and private agencies for its program and supporting services. These grants are generally on a cost reimbursement basis. Revenues from grants are deemed earned and recognized on the Statement of Activities when expenditures are made for the purposes specified.

Fund-Raising Activities

The Organization's financial statements are presented in accordance with Accounting Standard Codification 958 ("ASC") *Accounting for Costs of Activities of Non-For-Profit Organizations and State and Local Governments Entities that include Fund Raising* (formerly statement of position 98-2), The ASC established criteria for accounting and reporting for any activity that solicits contributions.

Donations

Assets donated to the Organization are recorded at fair value if determinable, at the date of donation. The Organization reports gifts of property and equipment as unrestricted support unless explicit donor stipulations specify how the donated assets must be used.

Investments

Investments consist of a managed portfolio of mutual funds and equity securities which are reported at their fair values on the statement of financial position. Investment returns are presented on the statement of activities as investment income, net and includes dividends, interest income, realized and unrealized gains and losses on investments, net of investment fees. Investment income and gains restricted by a donor are reported as increases in unrestricted net assets if the restrictions are met (either by passage of time or by use) in the reporting period in which the income and gains are recognized.

**NOTE 2 – INVESTMENTS AND FAIR VALUE MEASUREMENTS**

Investments are measured and disclosed at fair value on a recurring basis by applying ASC 820, *Fair Value Measurements and Disclosures*, which defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between willing market participants at the measurement date. To increase consistency and comparability in fair value measurements and related disclosures, ASC 820 establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value into three levels, as follows:

Level 1 inputs – These are quoted prices (unadjusted) in active markets for identical assets or liabilities that the organization has the ability to access at the measurement dates, such as stock quotes.

Level 2 inputs – These are inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly in active markets, such as yield curves or other market data.

Level 3 inputs – These are unobservable inputs for the asset or liability, such as discounted cash flows.

The level in the fair value hierarchy within which the fair value measurement in its entirety falls is determined based on the lowest level input that is significant to the measurement in its entirety.

The following is a summary of the fair value classification of investments at, June 30, 2021:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Fixed Income / Low Volatility	\$ 1,343,885	\$ -	\$ -	\$ 1,343,885

 Total Investments at Fair Value	 <u>\$ 3,321,535</u>	 <u>\$ -</u>	 <u>\$ -</u>	 <u>\$ 3,321,535</u>

The following is a summary of changes in investment fair value, which is presented as Investment income, net on the Statement of activities for the year ended June 30, 2021:

	<u>2021</u>

**NOTE 6 – COVID-19 PANDEMIC**

On April 20, 2020, the Organization received loan proceeds in the amount of \$225,992 under the Paycheck Protection Program (“PPP”). In January 2021, the Organization received notice from the bank that their SBA PPP loan forgiveness request was approved for their PPP loan taken out in April 2020. The bank received payment from the SBA inclusive of all accrued interest in the amount of \$225,992 and amounts remitted by the SBA to the bank paid the Organization’s PPP loan in full.

At June 30, 2021, there is no remaining balance on the deferred liability as all contractual obligations have been met. The new lease arrangement requires sixty-three monthly payments of \$865, plus additional copy charges when copies are in excess of limit. Independent Auditor's Report on Internal Control over  
Financial Reporting and on Compliance and Other Matters  
Based on an Audit of Financial Statements Performed in  
Accordance with *Government Auditing Standards*

To the Board of Directors  
Opportunity, Inc. of Palm Beach County  
West Palm Beach, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Opportunity, Inc. of Palm Beach County (a nonprofit organization), which comprise the statement of financial position as of June 30, 2021, and the related statements of activities and change in net assets, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated August 25, 2022.

### Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Opportunity, Inc. of Palm Beach County's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Opportunity, Inc. of Palm Beach County's internal control. Accordingly, we do not express an opinion on the effectiveness of Opportunity, Inc. of Palm Beach County's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

### Compliance and Other Matters

As part of obtaining reasonable assurance about whether Opportunity, Inc. of Palm Beach County's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
